DETAILED ACTION

The amendment filed 8/14/06 is acknowledged. Claims 1-10 are being considered on the merits. Claims 11-12 are withdrawn from consideration as directed to a non-elected invention.

The amendment presented fails to comply with the **Revised Amendment Format 37 CFR 1.121**. Claim 1 is amended and yet it is indicated as “(original)”. Correction is **required**.

To clarify the invention, it is recommended that the deposit number --NRRL 30910-- be inserted in the claim 1, after 1A15.1.

The substitute specification filed 8/14/06 has not been entered because it does not conform to 37 CFR 1.125(b) and (c) because: it adds new matter to the written disclosure.

The amendment filed 8/14/06 is objected to under 35 U.S.C. 132(a) because it introduces new matter into the disclosure. 35 U.S.C. 132(a) states that no amendment shall introduce new matter into the disclosure of the invention. The added material which is not supported by the original disclosure is as follows: the addition of “*protuberata*” as the specific epithet for *Curvularia* at Specification., pages 1 and 6, each at paragraph 2.

Applicant is required to cancel the new matter in the reply to this Office Action.

The rejections under 35 U.S.C 112 are withdrawn in view of applicant's averments and amendments.

The rejections under 35 U.S.C 102 and 103 are withdrawn in view of applicant's amendments. There would have been no motivation for one of ordinary skill in the art to modify the prior art processes of using *Curvularia* strains by substituting therefor strain *Curvularia* 1A15.1 in a method of conferring stress tolerance to a plant, including a seedling or parts thereof by inoculating with the specific strain *Curvularia* 1A15.1, NRRL 30910 at the time the claimed invention was made.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 1651

however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
